CERTIFICATE

To whom it may concern:

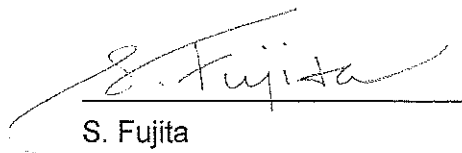

We, **Nippon Unicar Company Limited** hereby certify that our Ethene-Vinyl acetate Copolymer product identified as:

NUC-8450

is containing less than 94 weight percent of polymer units derived from ethene.

This certification is limited to the above product only and does not refer to the composition of other additional substances that may be used with the product to manufacture finished materials and articles.

For Nippon Unicar Company Limited,

S. Fujita
Deputy Manager,
