To : Whom It May Concern

TPC confirm that substances regulated by the EU Directive 2002/95/EC "on the restriction of the use of certain hazardous substances in electrical and electronic equipment" : lead, cadmium, chromium (VI) and mercury as well as polybrominated bipheyls and polybrominated diphenyl ethers are not intentionally used in the manufacture of our products TPC COSMOPLENE ® grades AW564, AW564H & AV161 and TPC COSMOTHENE ® grades G810S, G812 & F410-1.

Therefore we consider the requirement of EU Directive 2002/95/EC as fulfilled. However, since the presence of the substances restricted by this Directive cannot be reasonably expected, the absence has not been checked by test.
